

Singlepagefolio

Post Formats Supported

Post Formats can spice up your blog posts by posting different types “formats” to your blog, in a way that makes them stand out, and change the design (look and feel) of your blog posts.

Singlepagefolio supports all the standard wordpress post formats including “sticky” post.

So the post formats you can choose are:

- Standard;
- Aside;
- Image;
- Link;
- Quote;
- Status;
- Sticky (the check box [Stick this post to the front page](#) under the panel [Publish](#) ☐ [Visibility](#))

See the screenshot below.
